**Summary of reasons  
for classification:**

The DVD entitled *Jackass Number Two* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

The DVD contains a feature that is identical to a 35mm film of the same name previously examined and classified by the Office of Film and Literature Classification (OFLC No. 602328). The film was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years", with the descriptive note "Offensive language, sexual material and other content that may offend." This decision was registered on 12 October 2006.

As well as the feature, the DVD includes standard DVD components such as a scene selection facility and extra material. The additional material includes an audio commentary, a making-of component, additional segments (including "uncut" additional segments), deleted scenes, outtakes, a music video and trailers. The additional components are of a similar nature to the feature and therefore do not require any change to the original classification.
